

Commercial Filming Permit Application

Rottnest Island is an A-Class Reserve governed by the *Rottnest Island Authority Act 1987* (the Act) which creates the Rottnest Island Authority as a statutory body to manage the island, reporting to the Minister for Tourism.

As per Rottnest Island Regulation 54. for Photography and Filming purposes:

“A person shall not, without permission take still or motion pictures within the limits of the Island by photographic or electronic means if the pictures are to be used for advertising or promotional purposes.”

Penalty: a fine of \$750. [Regulation 54 amended in Gazette 9 Nov 1990 p. 5590; Dec 2009 p. 5004.]

Types of Commercial Filming

The types of commercial filming covered by this application include any filming activity undertaken for financial consideration (cash or in-kind donations), either on assignment for another party or with a view to selling or hiring the imagery obtained or for public viewings:

- Photography and Commercial Filming - still or motion footage taken for promotion of a product, service, brand, or person regardless of medium or format (e.g., video clips, digital, magnetic tape, celluloid, still, motion). This includes still photography for brand promotion (commercial or otherwise), advertising purposes, Government sponsored filming, tourism, promotion of television/print/digital/social media personalities.
- Documentary Filming - Television and cinema productions that are creative interpretation of reality or fact often dealing with travel, science, or historical subjects.
- Educational Filming - filming for the Department of Education, universities, TAFE, or research groups.
- Production Filming - filming for theatre, television, and cinema productions for commercial release.
- Monetized live streaming (and vlogging) - filming that is used to earn revenue (or in-kind donations) through in-stream video advertisements.

Filming permits

A permit will only be granted on the condition that all compliance terms are met, including any conditions that may be stipulated following the assessment of your application.

To avoid delays in processing, please ensure all details are correct, legible, and unambiguous. This application should be received by the RIA thirty (30) days prior to the filming being conducted, including all necessary drone documentation – see Annex A.

Filming of Aboriginal Sites

Commercial photography or filming of an Aboriginal Site or Aboriginal Heritage Place on Wadjemup requires consent under the authority of the Aboriginal Heritage Regulations 1974 (AHR). Please contact the Department of Planning, Lands and Heritage for further information.

Operation of an Unmanned Aerial Vehicle (UAV / Drone)

Operation of UAV / Drone requires additional documentation and an assessment and management of risks, using the RIA's Risk Management Plan. As per paragraph 4 above, all documentation relating to UAV operation shall be forwarded to the RIA no less than thirty (30) days prior to the commencement of filming. If the intended filming does not involve the use of a UAV, there is not a requirement to complete the risk assessment process.
